Dear Colleagues,

we invite you to train your eye and mind for the most suitable endoscopic or surgical resection technique of early malignant and premalignant tumors in the gastrointestinal tract. Digivote-driven, interactive presentations will test and improve your diagnostic proficiency and therapeutic judgement.

You will have ample opportunity to discuss diagnostic analyses and therapeutic decisions - right or wrong - with leading experts and learn from their brilliant skills and also mistakes for your proficiency in every day endoscopic practice.

We would like to welcome you soon to this 2<sup>nd</sup> Seminar on Therapeutic Endoscopy.

Sincerely,

Thierry Ponchon

Frieder Berr
