

"ENDO SWISS 2010"-Live

International Course on Interventional Endoscopy

"Endoscopic Treatment of Early Gastrointestinal Cancer and Beyond"

Course Directors:

Philipp Bertschinger & Stefan Seewald

International Faculty:

Jacques Bergman MD, Academic Medical Centre Amsterdam (The Netherlands)

Takuji Gotoda MD, National Cancer Center Hospital Tokyo (Japan)

Nib Soehendra MD, University Medical Center Hamburg-Eppendorf, UKE (Germany)

Naroshi Yahagi MD, Toranomom Hospital, Tokyo (Japan)

National Faculty:

Josef Altorfer MD, GastroZentrum Hirslanden Zürich

Hans Baer MD, Baermed Zentrum für Bauchchirurgie Hirslanden Zürich

Jean-Louis Fossard MD, Hôpitaux Universitaires de Genève

Michael Fried MD, Universitätsspital Zürich

Lukas Degen MD, Universitätsspital Basel

Gian Dorta MD, CHUV Lausanne

Christa Meyenberger MD, Kantonsspital St. Gallen

Rolf B. Schlumpf MD, Zürcher Viszeralchirurgie Klinik Hirslanden Zürich

Heinz Wehrli MD, Zürcher Viszeralchirurgie Klinik Hirslanden Zürich

Stephan M. Wildi MD, Hirslanden Klinik St. Anna Luzern

„ENDO SWISS“ is a novel international course on therapeutic endoscopy organized by the „GastroZentrum“ Hirslanden designed for practising physicians, gastroenterologists and surgeons. Our goal is to demonstrate the latest endoscopic techniques, to discuss indications and contraindications of endoscopic procedures in the management of GI diseases, to access novel technology and establish a discussion- and teaching platform on therapeutic endoscopy.

This year course focuses on „ Endoscopic treatment of early GI cancer“. Sessions will center on endoscopic resection and novel ablation techniques. International highly recognized pioneers in this field will attend the meeting.

We would be very happy if you join our course that will show the transition from the present to the future in endoscopy. Welcome to Zurich!

Phillip Bertschinger & Stefan Seewald

Preliminary Programme

Welcome

9.30 am

Session I (Live demonstrations & oral presentations)

Moderation: Josef Altorfer, Gian Dorta, Micheal Fried, Nib Soehendra, Heinz Wehrli,

9.30 -11.30 am

„Endoscopic mucosal resection in early Barrett´s cancer“ (*S. Seewald*)

„Current status of Radiofrequency ablation in Barrett´s esophagus“ (*J. Bergman*)

Session II (Live demonstrations & oral presentations)

Panel: Lukas Degen, Christa Meyenberger, Rolf Schlumpf, Stefan Wildi

12.00-2.00 pm

„Endoscopic submucosal dissection in early gastric cancer“ (*T. Gotoda*)

„Endoscopic submucosal dissection in the colon“ (*N. Yahagi*)

Lunch break

2.30 -3.00 pm

Session III (Discussion forum & „State of the Art“ lecture)

3.00-4.30 pm

Panel: Hans Baer, Jean- Louis Fossard, Phillip Bertschinger, Micheal Fried, Nib Soehendra,

How I treat a perforation (*J. Bergman & T.Gotoda & N.Yahagi*)

Case discussions

"Ovesco Clip- a novel promising tool for endoscopy? (*N.N.*)

State of the Art:

„EMR, ESD or Surgery ?- Where is the bottom line? Practical approach for a non-japanese endoscopist“ (*Nib Soehenda*)

Final Remarks**Location:**

Hirslanden Clinic Zurich,

Witellikerstrasse 40

8008 Zurich, Switzerland
