

INTERVENTIONAL EUS 2014

“The real ERCP-EUS interface”

3rd Mumbai Interventional EUS Course

Organized by

BIDS | Baldota Institute of Digestive Sciences
Global hospital, Mumbai

Under the auspices of

AIGE Association of
Interventional G.I Endoscopy
of India | Foundation

Asian
EUS
Group

Endorsed by

Venue : ITC Grand Central, Parel, Mumbai India

Date : 28,29 March 2014

Association Of Interventional G.I.Endoscopy

Patrons

B K Agarwal (Patna)
J Dilawari (Scotland)
S Sarin (Delhi)
R K Tandan (Delhi)

Advisory council

P.Augustine (Kochi)
Deepak Bhasin (Chandigarh)
Naresh Bhat (Bangaluru)
A.Chacko (Chennai)
T.S. Chandrasekhar (Chennai)
Pramod Garg (Delhi)
S.P.Misra (Allahabad)
K.M.Mohandas (Kolkata)
K.R.Pallaniswamy (Chennai)
S.Patwari (Ahmedabad)
D.N.Reddy (Hyderabad)
Vivek Saraswat (Lucknow)
Randhir Sood (Delhi)
Manu Tandon (Hyderabad)

International Advisory Council

Michael Bourke (Australia)
Paul Fockens (Netherlands)
K.L Goh (Malaysia)
Rob Hawes (USA)
Takao Itoi (Japan)
Mitsuharo Kida (Japan)
Ho Khek Yu Lawrence (Singapore)
Alessandro Repici (Italy)
Dong Wan Seo (Korea)
Shyam Varadarajulu (USA)
Jin Zendong (China)

Executive Council

A.Bapaye (Pune)
Vikram Bhatia (Delhi)
H.Devarbhavi (Bangaluru)
R.Dharamsi (Sangli)
V Dhir (Mumbai)
B.D.Goswami (Guwahati)
Nilay Mehta (Ahmedabad)
Sunil Jain (Indore)
Amit Maydeo (Mumbai)
V. G.Mohanprasad (Coimbatore)
Muralikrishna (Vizag)
S.Pattnaik (Kolkata)
Matthew Philip (Kochi)
Rajesh Puri (Delhi)
Praveer Rai (Lucknow)
S.Rana (Chandigarh)
R. Wadhwa (Mysore)

Invitation

Dear Colleagues,

On behalf of the AIGE, It gives us immense pleasure to invite you to the 3rd Mumbai Interventional EUS course 2014 to be held at Hotel ITC grand Central, Parel, Mumbai on March 28,29, 2014.

The success of the first two courses means that the basic character of the course remains the same; exclusive focus on cutting edge interventional EUS procedures and technology.

However, based on inputs from delegates, faculty, and industry, we plan to introduce a few new programs.

There is increasing demand for training in Interventional biliary EUS, and hence we are conducting the first train the trainers course in EUS-guided biliary drainage. This is a World first, and we are working to make it a success.

We have also expanded the hands on training course to include interventional procedures like pseudocyst drainage and biliary drainage.

And we will have a basic cytopathology course for the gastroenterologists, to make them understand the intricacies of cytopathology.

We will also have live transmission of Interventional EUS procedures from California Pacific Medical Centre by Dr K. Binmoeller and his team

Our usual focus on providing you a World class faculty and challenging live cases will continue this year also, and we will also continue with the basic hands on course

We are extremely grateful to Asian EUS Group and its chairman Prof. Ho khek Yu Lawrence for continuing help and guidance.

We look forward to welcoming you to Mumbai, and provide you with an academic feast

Dr. Amit Maydeo
Course Chairman

Dr. Vinay Dhir
Course Director

International Faculty

Prof. Kenneth BINMOELLER
USA

Prof. Ho Khek Yu LAWRENCE
Singapore

Prof. Min En NGA
Singapore

Prof. Dong Wan SEO
Korea

Prof. Paul FOCKENS
Netherlands

Prof. Anthony TEOH
Hong Kong

Prof. Takao ITOI
Japan

Prof. Ai Ming YANG
China

Prof. Mouen KHASHAB
USA

Gastrointestinal Endoscopy**

**European Society of
Gastrointestinal Endoscopy**

World Gastroenterology Organisation

**Asian Pacific
Association of Gastroenterology**

**Indian
Society of Gastroenterology**

Program Highlights

Live demonstration of advanced EUS interventions from California Pacific Medical Centre, San Francisco USA by Prof K. Binmoeller

AEG Train the Trainers program for EUS-guided biliary interventions

Hands on training for basic radial and linear EUS, EUS FNA, and pseudocyst drainage

Basic cytopathology course for gastroenterologists

Live demonstration of Interventional EUS procedures

- EUS-FNA and biopsy
- Fiducial placement
- Variceal coil placement for gastric varices
- Pancreatic cyst ablation
- Radiofrequency ablation
- Plastic stents for pseudocyst drainage
- Metal stents for pseudocyst drainage
- Pancreatic necrosectomy
- Biliary and pancreatic rendezvous procedure
- Pancreaticogastrostomy
- Choledochoduodenostomy
- Antegrade biliary drainage
- Hepatico-gastrostomy
- Gallbladder drainage
- EUS-guided gastro-jejunostomy

Program Schedule

| TIME | PROGRAM |
|-------------------|---|
| 28th March | |
| 09.00 - 09.05 | Introductory remarks Amit Maydeo |
| 09.05 - 09.10 | Remarks by AEG Chairman Lawrence Ho |
| 09.10 - 09.15 | Course objectives and faculty introduction Vinay Dhir |
| 09.15 - 09.30 | EUS guided tissue acquisition P.Garg |
| 09.15 - 09.30 | Specimen handling, slide preparation, tissue adequacy Min En Nga |
| 09.30 - 09.45 | EUS guided specimen acquisition from cysts in pancreas V. Bhatia |
| 09.45 - 10.00 | Therapeutic EUS : Vascular indications M.Sharma |
| 10.00 - 11.30 | LIVE SESSION I EUS. Radial, Linear, FNA mediastinum, FNA Pancreas, Core biopsy, EBUS |

Program Schedule Contd.

| TIME | PROGRAM |
|-------------------|---|
| 28th March | |
| 11.30 - 11.45 | Celiac block and neurolysis Lawrence Ho |
| 11.45 - 12.00 | Cyst ablation therapy Dong Wan Seo |
| 12.00 - 13.00 | LIVE SESSION II Celiac block, Coil for gastric varices, Cyst ablation, Radiofrequency ablation |
| 13.00 - 13.30 | Lunch |
| 13.30 - 13.45 | Radiofrequency ablation Dong Wan Seo |
| 13.45 - 14.00 | Brachytherapy Ai Ming Yang |
| 14.00 - 15.00 | LIVE SESSION III Pseudocyst plastic stents, Pseudocyst metal stent, Rectal abscess drainage |
| 15.00 - 15.15 | Plastic stents for PFC: Current evidence P Fockens |

Program Schedule Contd.

| TIME | PROGRAM |
|-------------------|--|
| 28th March | |
| 15.15 - 15.30 | Metal stents for PFC Anthony Teoh |
| 15.30 - 17.00 | LIVE SESSION IV Biliary Rendezvous, Choledochoduodenostomy, Antegrade, Hepatogastrostomy |
| 17.00 - 17.15 | Endoscopic necrosectomy P.Fockens |
| 17.15 - 17.30 | EUS-Rendezvous V.Dhir |
| 17.30 - 17.45 | EUS-Biliary drainage M.Khashab |
| 17.45 - 18.00 | Gallbladder drainage Takao Itoi |
| 18.00 - 19.00 | Live relay from California Pacific Medical Centre San Francisco by Dr K.Binmoeller and team |

Program Schedule Contd.

| TIME | PROGRAM |
|-------------------|---|
| 29th March | |
| 09.00 - 09.15 | Pancreatic duct interventions Dong Wan Seo |
| 09.15 - 09.30 | EUS guided Gastro-jejunostomy Takao Itoi |
| 09.30 - 09.45 | Future of interventional EUS P.Fockens |
| 09.45 - 10.30 | Video session |
| 10.30 - 12.30 | LIVE SESSION VI Pancreatic Rendezvous, Pancreatic stent, Gastro-jejunostomy, Gall bladder drainage |
| 12.30 - 12.45 | Closing remarks |
| 12.45 - 13.30 | Lunch |

Hands-on training courses
Delegates are required to register separately for these courses, although there is no separate registration fee

Train the trainer program for Interventional Biliary EUS

Objectives: To improve the understanding of instrumentation, access routes, and select procedures. This will be done by

- 1: Lecture
- 2: Observation of live cases
- 3: Accessories and their utilization
- 4: Wire manipulation techniques : will be taught on a model
- 5: EUS-BD procedure: Choledochoduodenostomy will be taught on a model

Registration by invitation only

Basic cytopathology course for gastroenterologists

Objectives: Gastroenterologists will learn specimen handling and transfer, slide making and interpretation of a sufficient sample. This will be done by

- 1: Lecture
- 2: Tutorials on slide making
- 3: Hands on Slide staining for sample interpretation
- 4: Interpretation to judge sample adequacy

Registrations: 20 only

Basic course on radial and linear anatomy

Objectives:

1. To learn endoscopy maneuvers required to identify structures.
2. To identify common structures during a radial and linear procedure.

This will be done by

- a. Gut wall model
- b. Radial endoscope model
- c. Linear endoscope model

Registrations: 20 only

Training course on EUS-FNA

Objectives:

1. To learn technique of EUS-FNA
- This will be achieved by training on FNA models

Registrations: 10 only

Training course in Interventional EUS

Objectives:

- 1: To learn technique of EUS-FNI(cyst ablation)
 - 2: To learn technique of pseudocyst drainage
- This will be achieved by training on models

Registrations: 10 only

Registration Information

-  **Direct Post or E-mail**
Fill up the attached registration form or download the PDF version from our website www.bidshealthcare.org
Send the registration form properly filled along the registration fees by DD in favor of **Endoscopy Research Foundation** on the address of the congress secretariat.
-  **On-line registration**
Click on our website www.bidshealthcare.org and then click on congress announcement pop-up. Then click on 'On-line' registration. You can then register and pay by credit card through our secure gateway. This facility will start by the end of June.
-  **Telephone**
Kindly deposit your DD or cheque in favor of:
Endoscopy Research Foundation at your nearest Axis Bank branch.
The account number to deposit your cheque is 149010100073291 (Nepean Sea Branch).
Then call us on +91 22 24383498 or +91 98207 00291 to inform us about the details of the payment and yourself.

Please register early to avoid disappointment !

Registration fees

| | |
|--|----------|
| Registration for national delegates with Hotel Stay..... | Rs.30000 |
| Non-Residential delegates..... | Rs.10000 |
| Registration for foreign delegates with Hotel Stay..... | US\$600 |

Registration Fee includes

2nights and 3days stay at the ITC Hotel (Thursday check in and Saturday check out) with Breakfast, Lunch, Dinner included, attendance to all scientific sessions, exhibition and all the course material.

Registration fee does not include

Telephone calls Extra meals, Room service, Use of mini-bar in the room, extended stay, Laundry and use of extra facilities like SPA, Each delegate will be requested to give their credit card details (For the extra expenses) and photo identification at the check in counter of the Hotel.

Last date of registration - 19th March 2014

Your Vision, Our Future

The Association of Interventional GI Endoscopy of India (AIGE – Foundation)

The AIGE (Foundation) is a non-profit organization established in the year 2012 to achieve the following objectives:

1. To promote scientific and ethical use of Interventional endoscopy.
2. To promote education in the field of Interventional endoscopy by organizing training programs and fellowship programs.
3. To disperse knowledge and practise of Interventional endoscopy in smaller cities and towns by providing training opportunities for endoscopists serving in these areas.
4. To provide platform for Indian endoscopists to interact and network with International experts in the field.
5. To conduct and promote research in the field of Interventional endoscopy.
6. To create and sustain organizations and associations to fulfil the goals and mission of foundation.

The Indian College of Endoscopy (ICE)

Indian College of EndoscopySM (ICE) is a not for profit educational Institute established under the auspices of AIGE foundation. The College is located at the Baldota Institute of Digestive Sciences, Global Hospitals, Parel, Mumbai.

ICE is the first and only college in India to offer structured GI endoscopy courses recognized by the Maharashtra University of Health Sciences (MUHS) of the Government of Maharashtra.

Candidate selection, training, and certification will be done in accordance with the rules and regulations of the University. The courses will be run under supervision of expert faculty of ICE. In addition, ICE plans to take steps to improve the current curricula for advanced endoscopy training, by liaising with organizations in India and abroad.

The Baldota Institute of Digestive Sciences (BIDS)

BIDS | Baldota Institute of
Digestive Sciences

Global hospital, Mumbai

The BIDS is a comprehensive health science complex for Gastroenterology and GI Endoscopy located on the 3rd floor of the Global hospital of Mumbai at Parel.

Spread out over 15,000 square feet, this advanced GI Institute has various speciality divisions as follows

- 1: Division of Clinical Gastroenterology
- 2: Division of Diagnostic Endoscopy (High magnification, NBI, AFI, Capsule endoscopy, Enteroscopy)
- 3: Division of Biliary and Pancreatic Endoscopy (ERCP, Cholangio-pancreatography)
- 4: Division of Endoscopic Ultrasonography (EUS, EUS+FNAC/B, IDUS, EBUS, EUS guided therapy)
- 5: Division of Lithotripsy
- 6: Division of Gastrointestinal Physiology (Manometry, PH metry)
- 7: Division of Interventional Endoscopy and Endoscopic Surgery (EMR, ESD, POEM, NOTES)
- 8: Division of Endoscopy Training & Education (Endoscopy Gurukul, Indian College of Endoscopy, AIGE-Foundation)
- 9: Division of Clinical and Basic Research

The Institute is manned by 6 full time Gastroenterologists and 9 part-time Gastroenterologists and provides comprehensive, advanced and compassionate care to any patient having a GI related problem.
