

ESGE at UEGW

ESGE POSTGRADUATE COURSE

Saturday, October 21, 2006

The ESGE Post Graduate Course offers state of the art presentation of current endoscopy practice. Through satellite transmissions from expert centres in Amsterdam and Berlin the core technologies, as well as the cutting edge of novel methods, will be shown for discussion. The live transmissions will alternate with review talks on core topics for the GI endoscopy practice of today and tomorrow.

MORNING SESSION, 08.30 – 12.45

Endoscopic Oncology

Moderators J-F. Rey, France
H. Neuhaus, Germany
C. Petersen, The Netherlands

Technical director R. Schöfl, Austria

08.30-08.40 **Opening remarks**

H. Neuhaus, Germany

08.40-09.10 Endoscopic management of early upper GI neoplasia

T. Ponchon, France

09.10-10.30 Live Demonstrations via satellite

P. Fockens, Academic Medical Centre, Amsterdam, The Netherlands

T. Rösch, Charite University Hospital, Berlin, Germany

10.30-11.00 Coffee break

11.00-11.30 Clinical relevance of flat colorectal lesions

B. Saunders, U.K.

11.30-12.45 Live Demonstrations via satellite

P. Fockens, Academic Medical Centre, Amsterdam, The Netherlands

T. Rösch, Charite University Hospital, Berlin, Germany

12.45-14.00 **Lunch**

AFTERNOON SESSION, 14.00-17.30

Practice of Endoscopy

Moderators L. Aabakken, Norway
S. Rejchrt, Czech Republic
D. Duforest-Rey, France

Technical director M. Mutignani, Italy

14.00-14.30 ERCP: New devices and tricks for a minimally invasive approach

G. Costamagna, Rome

14.30-15.30 Live Demonstrations via satellite

P. Fockens, Academic Medical Centre, Amsterdam, The Netherlands

T. Rösch, Charite University Hospital, Berlin, Germany

15.30-16.00 Coffee break

16.00-16.30 Indications and techniques for therapeutic EUS

J. Devière, Belgium

16.30-17.30 Live Demonstrations via satellite

P. Fockens, Academic Medical Centre, Amsterdam, The Netherlands

T. Rösch, Charite University Hospital, Berlin, Germany

**To register for the ESGE Postgraduate Course visit:
http://www.uegw2006.de/congress_registration.jsp**

ESGE LEARNING AREA

The ESGE Learning Area will be divided into five sections:

1. **ESGE Hands-On Training Sessions with Biologic Models**
2. **ESGE Lecture Theatre**
3. **ESGE DVD Learning Centre**
4. **ESGE Simulator Central**

1. ESGE HANDS-ON TRAINING SESSIONS WITH BIOLOGIC MODELS

Those registering for the ESGE Postgraduate Course may apply to take part in one of the four training sessions on animal models on Sunday, October 22, 2006. As participation will be limited, registration will be treated on a first-come-first-served basis. With access to state of the art endoscopic equipment and accessories with personal tutoring, participants will have the opportunity to perform techniques demonstrated and discussed at the ESGE Postgraduate Course. The ESGE has applied for CME credits for this Hands-On activity.

SUNDAY, October 22, 2006

Each 90 minute session is open to a maximum of 32 participants.

SESSION 1 / 2 9.00 - 10.30 / 11.00-12.30

Station 1/2: Upper GI, PEG

Station 3/4: Hemostasis, Injection, Clipping, Varices

Station 5/6: Polypectomy / Mucosectomy (stomach / colon) Saline Injection / Clip Closure of Small Perforations, Stent Placement (colon and esophagus)

Station 7/8: ERCP (without x-ray) Identification and Adjustment of the Papilla Cannulation of the Papilla, Selective Bile Duct Imaging, Guide Wire, Papillotomy, Stone Extraction, Stent Placement

SESSION 3 / 4 13.30 - 15.00 / 15.30 -17.00

Station 1/2: Upper GI, PEG

Station 3/4: Hemostasis, Injection, Clipping, Varices ligation

Station 5/6: Polypectomy / Mucosectomy (stomach / colon) Saline Injection / Clip Closure of Small Perforations, Stent Placement (colon and esophagus)

Station 7/8: ERCP (without x-ray) Identification and Adjustment of the Papilla, Cannulation of the Papilla, Selective Bile Duct Imaging, Guide Wire, Papillotomy, Stone Extraction, Stent Placement

ESGE LEARNING AREA

2. ESGE LECTURE THEATRE

A daily series of five lectures on selected topics offers the opportunity for small forum discussion with experts.

Monday, October 23, 2006

10.45 – 11.15

Diagnostic EUS, EUS-FNA: Expert tips and tricks
P. Fockens, Amsterdam

11.30 – 12.00

Management of bleeding due to portal hypertension
O. Le Moine, Brussels

12.15 – 12.45

SEMS: Biliopancreatic system
G. Costamagna, Rome

13.00 – 13.30

Real and virtual chromoendoscopy – upper GIT
J. Bergman, Amsterdam

13.45 – 14.15

ERCP and EST: Expert tips and tricks
H. Neuhaus, Düsseldorf

14.30 – 15.00

Capsule endoscopy: Tips and tricks for application and interpretation
J. Morris, Glasgow

Tuesday, October 24, 2006

10.45 – 11.15

Real and virtual chromoendoscopy – lower GIT
J.F. Rey, St. Laurent du Var

11.30 – 12.00

Management of non-variceal upper GI bleeding
I. Rácz, Hungary

12.15 – 12.45

Colonoscopy: Expert tips and tricks
B. Saunders, London

13.00 – 13.30

EMR and PDT: Esophagus
A. May, Wiesbaden

13.45 – 14.15

Therapeutic EUS: Expert tips and tricks
T. Rösch, Berlin

Wednesday, October 25, 2006

10.45 – 11.15

EMR and ESD: Stomach and duodenum
B. Schumacher, Düsseldorf

11.30 – 12.00

SEMS: Upper GIT
P.D. Siersema, Rotterdam

12.15 – 12.45

Endotherapy of chronic pancreatitis: indications and techniques
J. Devière, Brussels

13.00 – 13.30

Polypectomy and EMR: Colon
T. Ponchon, Lyon

13.45 – 14.15

Endoscopic papillectomy
S. Seewald, Hamburg

ESGE LEARNING AREA

3. ESGE DVD LEARNING CENTRE

Sunday, October 22 - Wednesday, October 25, 2006

18 DVD stations will offer individual learning for endoscopy. The DVDs from the European Teaching Encyclopaedia are included. Open from Sunday through Wednesday during the general opening hours of the congress. For information regarding ESGE Teaching Aids please visit the ESGE website at www.esge.com.

4. ESGE SIMULATOR CENTRAL

Monday, October 23 - Wednesday, October 25, 2006

The ESGE offers hands-on simulator training throughout the UEGW week. In a designated section of the Learning Area almost all aspects of GI endoscopy can be practised with computer-assisted simulation on lifelike manikin simulators. Correct reading of video capsule endoscopy can be practised at work stations attended by experts.

OTHER ACTIVITIES

ENDOSCOPY DIRECTORS' WORKSHOP

Sunday, 22 October 2006, 12.30 – 17.00

OMED and ESGE join forces to present the first in a series of Endoscopy Director's Workshops aimed at clinicians who manage endoscopy units. Focusing on the needs within a European context, the workshop will feature lectures, tutorials and interactive sessions. Topics will include personnel management, endoscopy disinfection, management of data, training resources, reporting and scheduling, financial management, equipment purchase and maintenance.

ESGE VIDEO CASE MARATHON SESSION

Wednesday, October 25, 2006, 8.30 – 10.30

The ESGE Video Case Marathon Session is an excellent platform for brief information on very current issues of endoscopy. During this session short videos showing examples of new, unexpected, or exceptional endoscopic practice will be presented and briefly discussed. Thus, the ESGE Video Case Marathon Session presents unusual cases or new technologies based on diagnostics of therapeutic endoscopy.
