We wish you a happy, healthy 2014. We would also like to take this opportunity to thank all those who have supported ESGE over the past year in promoting endoscopy and good endoscopic practice. We look forward to continuing our joint efforts in the coming year.

ESGE eLearning

Our eLearning endeavours have taken a leap forward; lectures from our Quality in Endoscopy symposia are posted on UEG e-learning online along with live demonstrations from ESGE endorsed meetings.

In 2013 ESGE produced new teaching DVDs on the basics of EUS, colonoscopy and Upper GI. Further DVDs on ERCP and enteroscopy are in the pipeline. ESGE would like to thank Lars Aabakken, our eLearning working group chair for providing excellent guidance and to Evelien Dekker, Alexander Meining, Mario Dinis-Ribeiro, the topic editors for their dedication to this extremely time consuming and demanding project.
