Upcoming Events

UEG Week, Vienna October 18 – 12, 2014

The biggest gastro event of the autumn is coming up soon: the annual UEG Week, to take place this year in Vienna. Reduced-fee registration closes on September 10, 2014 – don't miss the date. As every year the ESGE would encourage you to make as much use as possible of the educational events at the ESGE Learning Area. Most activities are offered on a walk-in basis, however we want to point your special attention to the hands-on training on biological models which requires on-site registration. Please check the calendar section on the ESGE website for details on the schedule at www.esge.com. Hands-on training is open to all fully registered delegates. Registration takes place at the ESGE desk and booking closes immediately when a session is full (eight participants per table). ESGE Individual Members may benefit from on-line pre-registration via the ESGE website. If you are a member, please take advantage of this opportunity.

Another highlight takes place in the Lecture Theatre where experienced endoscopists present standard or unusual cases and discuss the advantages and disadvantages of different approaches and procedures with a more senior colleague and the audience. This is a great opportunity to meet and talk with the experts. See you in Vienna!

ESGE guideline update!

Prophylaxis of post-ERCP pancreatitis:

European Society of Gastrointestinal Endoscopy (ESGE) Guideline (update 2014)

Please read pages 799 – 815 in this issue of Endoscopy
