Prof. Thomas Seufferlein,
General Secretary of
ESDO. Colonoscopy &
Colonic Neoplasms
symposium Co-Chair

"ESDO is delighted to work with ESGE on the Quality in Endoscopy Symposium on colonoscopy and colonic neoplasms. This is a truly multidisciplinary workshop focusing on all aspects of colonic neoplasms and their appropriate diagnosis, prevention and treatment both in the early as well as the advanced stage. The workshop will be a unique learning experience for all fellows interested in colonic neoplasms and ESDO strongly recommends to all its members to take the opportunity to participate in this workshop."

After last year's great success, with more than 570 participants, the new edition of the International Workshop on GI Endoscopy "Endolive Roma 2015" will take place at the Auditorium of the Catholic University in Rome.

The course is a 2-day Live Demonstration marathon of the most recent techniques of diagnostic and therapeutic digestive endoscopy spaced out by State-of-the-Art Lectures, a mini-symposium on "The future of Colorectal Cancer Screening" and

satellite symposiums for the industry offering the audience demonstrations and detailed explanations on new techniques and endoscopic devices. This year we have added a 3rd day (May 06th) exclusively dedicated to endoscopic ultrasound that is rapidly transforming to a more Interventional/Therapeutic procedure.

All professionals interested in gastrointestinal endoscopy are the intended audience of Endo Live Roma 2015: gastroenterologists, surgeons, radiologists, pediatricians and general practitioners.

ESGE Individual Members are encouraged to take advantage of the 20% reduction on the early registration fee.
