Quality in Endoscopy symposium: Upper GI Endoscopy & Neoplasia

April 15 – 16, 2016
Berlin, Germany

Join us at our next Quality in Endoscopy in Berlin to learn from leaders in the field of Upper GI Endoscopy & Neoplasia. Join us at our next Quality in Endoscopy in Berlin to learn from leaders in the field of Upper GI Endoscopy & Neoplasia.

Professor Mario
Dinis-Ribeiro,
Symposium
co-chair

For those of you especially interested in Upper GI practice we'd like to point you to the special hands-on training sessions offered as a satellite event to the upcoming Quality in Endoscopy Symposium on Upper GI and Neoplasia in Berlin. The hands-on takes place on Sunday morning, April 17, from 8:30 to 12:30. It

European
Society of
Gastrointestinal
Endoscopy

is worthwhile to stay on for the intensive, small-group training sessions devoted to caps and bands, as well as clipping and bleeding in the upper GI tract. All tutors are experts in their field and this is a unique opportunity to benefit from their experience and be shown firsthand the best tricks and tips. To maintain a high level of tutor contact, the participant number is limited.

ESGE works closely with ESGENA on the hands-on training and the symposium Co-Chair, Professor Dinis-Ribeiro, would like to highlight that Quality in Endoscopy events are of interest for both doctors and nurses. *"In the field of endoscopy, doctors and nurses work together as a very close team. The teaching points covered in Quality in Endoscopy symposia are pertinent to the career development of the entire endoscopy team. I would particularly like to encourage our nursing colleagues to attend the meeting, to learn from the best and network with associates from Europe and beyond".*

Registration is ongoing, so if you want to participate, please sign up now! For more information about this course, please visit www.quality-in-endoscopy.org

ESGE co-organized event

Everything you always wanted to know about COLONOSCOPY

November 18 – 20, 2016
Budapest, Hungary

Visit us at ESGE booths!

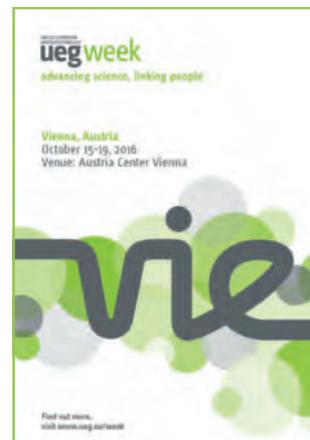

The endoscopy community is an alive and ever evolving network. Alongside the scientific aspect of congresses, an important side of such gatherings is the face-to-face meetings and exchanges with colleagues and experts. It is a privilege for ESGE to regularly hold a booth in many cities which are by now also associated with successful endoscopy meetings: Düsseldorf, Rome, Amsterdam, Brussels, Paris, Cairo and of course the UEG week in Barcelona and Vienna...

We look forward to welcoming you at ESGE booths and to sharing more information on the benefits of ESGE individual membership, fellowship and research grants, e-learning, updates on guidelines, ESGE publications and more...

The next ESGE booth will be in Paris this month at the JFHOD, from March 17-20. Under the leadership of Professor Thierry Ponchon, ESGE will take the opportunity to host a meeting during the JFHOD with focus on the needs and resources of the African region. We would encourage colleagues from Africa to come by the booth for more information.

Please check the full list of ESGE booth in the events calendar at www.esge.com.
