Save the date!

April 19 - 22, 2018

ESGE is proud to announce its first annual congress, **ESGE Days 2018**, taking place in the historical city of Budapest.

With membership approaching 2,000 it is time for ESGE to offer a forum dedicated solely to endoscopy with both basic science and cutting-edge endoscopy.

A task force has been formed and, initial planning is underway. Both ESGE's individual and national society members have been contacted to find out what they see as important elements for the congress. ESGE's goal is to ensure that each delegate feels part of the ESGE family and takes home new expertise for his or her daily practice. Therefore, it is crucial to receive feedback regarding the needs and expectations from ESGE's membership.

European  
Society of  
Gastrointestinal  
Endoscopy

ESGE looks forward to creating this new forum, a place where both young and senior endoscopists can meet and share.

Visit [www.esgedays.org](http://www.esgedays.org) on a regular basis to follow the development of this exciting endeavour.
