Quality in Endoscopy symposium:

IBD & Nutrition

March 31 – April 1, 2017

Dublin, Ireland

Quality in Endoscopy is exploring new territory and heading west. We are thrilled to be bringing the symposia series to Dublin, the capital city of the beautiful island of Ireland.

Following on from the success of the first Academic Skill Course (ASC) in April, this one day seminar will be offered again in Dublin. The new programme will address more key areas pertinent to academic success.

Marianna Arvanitakis,
ASC course director

This initiative, spearheaded by the ESGE Individual Membership representative, Professor Marianna Arvanitakis, features an expert led programme designed to set your academic career on the right tracks. *“Academic skills are often acquired ‘along the way’. While learning by experience is useful, it is not the most efficient technique”,* commented Marianna Arvanitakis. *“Bypassing the trial and error phase of your academic career by attending the ESGE Academic Skills Course will help fast track your academic pursuits”.*

European
Society of
Gastrointestinal
Endoscopy

NEW: The Academic Skills Course is open to one and all, not only to participants in the QinE IBD & Nutrition symposium. This way no one will miss out on the opportunity to brush up their skills. For more information and to register, please visit the website www.quality-in-endoscopy.org
