

ESGE News and Upcoming Events

October 2017

Abstract submission is now open!

ESGE Days 2018

April 19–21, 2018
Budapest, Hungary

Abstract submission open

It is with great pleasure that ESGE invites you to submit your abstracts for ESGE Days 2018, our inaugural congress in Budapest, Hungary, April 19–21, 2018.

All accepted abstracts will be published in *Endoscopy* and top abstract authors will be invited to submit original articles to *Endoscopy* with priority processing

Travel grants will also be awarded to the top abstracts.

Don't miss out on your opportunity to actively contribute to and be part of our first ESGE Days congress!

For more information and to submit your abstract, visit the ESGE Days 2018 website www.esgedays.org

Register now

The scientific program is finalized, the faculty have been invited and registration is now open for ESGE Days 2018!

Register early for the hands-on training and academic skills course as participation is limited!

Are you an ESGE member? Take advantage of both the early bird registration rate and your membership reduction. Not a member? Then now is the perfect time to sign up at www.esge.com.

ESGE guideline

ESGE Guidelines

“Technical aspects of endoscopic ultrasound (EUS)-guided sampling in gastroenterology: European Society of Gastrointestinal Endoscopy (ESGE) Technical Guideline – March 2017”. Please read pages 989–1006 in this issue of *Endoscopy*. Free access at www.esge.com

ESGE is proud to announce the Technical Guideline on EUS-guided sampling in gastroenterology scheduled to be published in October issue of “*Endoscopy*”. This Guideline – developed by a panel of 20 experts from 12 countries – focuses on technical aspects of EUS-guided sampling, such as the choice of needle, optimal sampling technique, and specimen handling and processing. It updates the previous ESGE Guideline on these topics published in 2012 and is based on recent

Dr. Marcin Polkowski

evidence from 40 randomized clinical trials, several meta-analyses, and numerous studies with lower quality evidence levels. The target audience for this Guideline is endoscopists who perform EUS-guided sampling. The Technical Guideline is a sister publication to the ESGE Clinical Guideline on indications and clinical impact of EUS-guided sampling published in July this year.

ESGE LEARNING AREA at UEG week

ESGE looks forward to welcoming you to the Learning Area at UEG week. Located in Hall 8, the ESGE Learning Area offers hands-on training opportunities as well as the chance to view teaching videos from ESGE, ASGE and JGES.

Hands-on training is led by renowned experts and offers participants the opportunity to learn tips and tricks for a wide variety of procedures. Did you know that ESGE Individual Members can pre-register for Hands-on training sessions via the ESGE Individual Membership portal? To avoid disappointment, members should reserve their places now.

When will we see you again?

Attend one of the ESGE endorsed events below and take advantage of the registration fee reductions as an ESGE individual member.

Other events of interest

25th UEG Week Barcelona 2017

October 28–November 1, 2017
Barcelona, Spain

Learn about new work in your field: UEG Week features the latest updates in gastroenterology!

Due to the great success of the “From guidelines to clinical practice” symposia, UEG has created a dedicated pathway on Monday and Tuesday in addition to our popular “Advances in clinical gastroenterology & hepatology” featuring scientific breakthroughs on Functional GI disorders and GORD in 2017. Another highlight is the UEG Week Hotspot, a platform for the most controversial sessions and hottest debates. With the Postgraduate Teaching Programme, offered as a 3-year curriculum, you gain all major updates in GI & hepatology.
