ESGE webinar series launched

The first ESGE webinar, held on March 23, was a great success, with over 150 participants. Based on the ESGE guideline, Performance measures for lower gastrointestinal endoscopy, Thierry Ponchon and Michal Kaminski presented, debated, and answered queries from participants. They were supported by Konstantinos Triantafyllou who not only moderated the webinar, but is also the leader of this new initiative. The next webinar will be based on the guideline ESGE and BSG Endoscopy in patients on antiplatelet or anticoagulant therapy. Please visit the ESGE website for details at www.esge.com.

When will we see you again?
