### ESGE Days 2019 call for abstract and video submissions is open

The ESGE Days 2019 call for abstract and video submissions is now open. ESGE wishes to engage with participants by opening a forum which offers authors the opportunity to discuss and disseminate their work on an international stage.

- All accepted abstracts will be published online in Endoscopy
- Travel grants will be awarded to authors of top rated abstracts

Submit your abstract at [www.esgedays.org](http://www.esgedays.org) before November 30, 2018.

### 2018 ESGE Innovation of the Year Award is now open for submissions

The ESGE Innovation of the Year award is intended to encourage and recognize excellence in a new endoscopic technique or device that enhances endoscopy based care.

We are seeking the most inspiring, ground breaking and potentially game changing innovations in endoscopy.

Students, physicians, institutes, corporate partners and biomedical companies are invited to submit applications demonstrating how their innovation (new technique, new device) has changed patient management and increased quality standards in endoscopy. The best innovation in two categories will be recognized:

1. Best procedural innovation
2. Best new device

Innovation drives progress and ESGE would like to recognize outstanding innovations in the field of endoscopy.

Submit your application via the ESGE Days 2019 website before Saturday, December 15, 2018.
