### Call for ESGE EYE Working Group members

The EYE (ESGE Young Endoscopists) Working Group is an integral part of ESGE and the EYE members actively participate in ESGE committee activities and other ESGE endeavours.

As well as providing significant input, the EYE members also benefit from being part of ESGE at the start of their professional career.

If you wish to be involved in shaping the future of the EYE Working Group and have exciting and constructive ideas you want to share with your peers, ESGE looks forward to receiving your application by **October 3, 2019**.

Visit the Members Area at [www.esge.com](http://www.esge.com) to apply.

### Do you perform capsule endoscopy in your clinical practice?

On behalf of the ESGE Research Committee small bowel working group chair, Dr Anastasios Koulaouzidis, ESGE would like to invite you to participate in a research project by completing a survey on capsule endoscopy in your clinical practice. You can find the link to the survey in the Newsroom at [www.esge.com](http://www.esge.com).

### ESGE joins forces with WEO to hold PET course in Tel Aviv

Program for Endoscopic Teachers (PET), a Train-the-Trainers Course designed for teachers and leaders of endoscopic training programmes

On January 7, 2020 ESGE will join forces with the World endoscopy Organization (WEO) in Tel-Aviv, Israel to hold the second combined PET course.

The PET programme, a brainchild of the World Endoscopy Organization (WEO), offers endoscopy trainers the possibility of improving their endoscopy teaching skills. This programme addresses the particular challenges involved in teaching how to perform safe, high quality endoscopy.

The course offers interactive, hands-on training in small-group settings and simulation-based training. They focus on how to give performance-enhancing feedback, and how to use appropriate terminology when teaching.

Courses also include discussion of training methods, how to assess competency, and the best use of models in endoscopy training.

Participation is limited and, should you wish to participate, please contact the ESGE Secretariat at: [secretariat@esge.com](mailto:secretariat@esge.com)

## Not an ESGE member yet?

**Don't miss out on all the great benefits!**

**Did you know that as an ESGE member you get a substantial reduction in registration for ESGE Days 2020!**

ESGE Days 2020 brings together the entire endoscopy team to discuss advances in our field, contributing to continued education and sharing the latest updates in gastrointestinal endoscopy.

**Join ESGE now as an individual member and take advantage of the €180 registration fee for ESGE Days 2020**

*Important note: Before you apply for membership, check whether your national society is cooperating with ESGE on dual membership. If so, you are entitled to a significantly reduced ESGE membership fee.*

## When will we see you again?

Attend one of the following ESGE endorsed events below and take advantage of the registration fee reductions as an ESGE individual member.
