ANNOUNCEMENT: The 5th AISDD will take place on July 9-10, 2021

The Organizing Committee of the 5th AISDD 2020, in response to the critical events taking place around the world, has recognized that everyday life will not have returned to normal by July 2-3, 2020, the original date of the Symposium. It has concluded that a successful scientific meeting cannot take place on those dates. Therefore, it has decided to move the date of the 5th Athens International Symposium on Digestive Diseases to exactly a year later.

The 5th AISDD will take place on Friday & Saturday **July 9-10, 2021**.

Everything else remains the same: The exact same venue and accommodation hotel, the exact same scientific program, faculty, and hospitals involved.

The organizers, staff, and everyone involved, express their compassion to all those affected worldwide by COVID-19, and especially the families of those who have lost their lives in this pandemic.

We are all in this together.

On behalf of the Organizing Committee,
Dr. Ioannis Katsogridakis
Scientific Director, AISDD
