**DESCRIPTION**

The Johns Hopkins International Therapeutic Endoscopy Course (HITEC) is an intense 2-3 day course dedicated to providing the practicing endoscopist state-of-the-art updates in luminal, pancreaticobiliary and bariatric endoscopy. In addition to extensive live endoscopy demonstrations and keynote lectures by superstar national and international faculty, our unique format will include faculty led lunch time symposia focusing on the various aspects of therapeutic endoscopy as well as video sessions that encourage opportunities to demonstrate rare cases not typically performed during live courses in the U.S. The pancreaticobiliary endoscopy sessions will illustrate basic and advanced principles and techniques of EUS/ERCP, cholangiopancreatography and interventional EUS. The luminal endoscopy sessions will focus on techniques such as Barrett's endoscopic therapy, EMR, ESD, POEM and EUS-guided anastomosis creation. The bariatric endoscopy sessions will demonstrate primary endoscopic therapies, as well as novel techniques to manage the complications of bariatric surgery. Therapeutic endoscopy hands-on training labs are offered with training performed by world-renowned experts. In short, this unique course featuring superstar global

endoscopists will ensure detailed and comprehensive illustration of optimal techniques to enhance endoscopic skills, while simultaneously introducing advanced and novel procedures/techniques to endoscopists.

### **WHO SHOULD ATTEND**

This activity is intended for endoscopists, gastroenterologists, surgeons, gastroenterology/surgical fellows, endoscopy nurses and endoscopy technicians.

### **OBJECTIVES**

After attending this activity, the participant will demonstrate the ability to:

- Discuss the latest advances in luminal and pancreaticobiliary endoscopy.
- Present an update on optimal techniques for biliary cannulation.
- Discuss different management options for patients with complex colon polyps.
- Present an update on POEM and other treatment options for patients with achalasia.
- Discuss different management options for patients with pancreatic necrosis.
- Present an update on the endoscopic management of pancreatic cysts.
- Discuss a variety of bariatric endoscopic techniques, including primary weight loss therapies as well as those to treat the complications of bariatric surgery.
- Illustrate techniques and indications for endoscopic suturing.

### **ACCREDITATION STATEMENT**

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Johns Hopkins University School of Medicine and The Institute for Johns Hopkins Nursing. The Johns Hopkins University School of Medicine is accredited by the ACCME to provide continuing medical education for physicians. The Institute for Johns Hopkins Nursing is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

### **CREDIT DESIGNATION STATEMENT**

The Johns Hopkins University School of Medicine designates this live activity for a maximum of *27.75 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### **OTHER CREDITS**

American Academy of Nurse Practitioners National Certification Program accepts *AMA PRA Category 1 Credit™* from organizations accredited by the ACCME.

PAs may claim a maximum of 27.75 Category 1 credits for completing this activity. NCCPA accepts *AMA PRA Category 1 Credit™* from organizations accredited by ACCME or a recognized state medical society.

The Johns Hopkins University has approved this activity for 27.75 contact hours for non-physicians.

This 27.75 contact hour educational activity is jointly provided with The Institute for Johns Hopkins Nursing.

Continuing Medical Education credit is being requested from another applicable medical specialty organization.

**MOC STATEMENT**

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 27.75 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity.

It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

#### **HANDS-ON TRAINING SESSIONS**

On Friday, April 3, 2020, registrants will have the option of attending one hands-on session for either the therapeutic endoscopy, bariatrics or nursing. Each module is limited to 24 participants. Sessions will be held on explants and training models with training provided by national and international expert endoscopists. Pre-registration is required (has fee) and space is limited. There will separate options: the therapeutic session (Friday morning and afternoon), the bariatric session (Friday afternoon) and nursing track (Friday morning and afternoon). Each session is geared towards the target audience of this specialty area. Modules will include endoscopic suturing, endoscopic submucosal dissection and interventional EUS. Each participant will rotate through each station with a maximum of four participants per station. Please register early, as these limited sessions will fill up quickly. Further specifics are provided in the detailed program.

#### **HOW TO OBTAIN CREDIT**

Post activity, an online evaluation will be available to attendees to evaluate the activity and individual presentations and to identify future educational needs. Upon completion of the evaluation, the learner must attest to the number of hours in attendance. Credits earned will be added to the learner's transcript and immediately available for print. The last day to access the evaluation and attest to your credits is **May 18, 2020**.

An outcome survey will be sent to all physician attendees within two months post activity to assist us in determining what impact this activity had on the learner's practice.

#### **EMERGENCY CALLS**

On April 1- 3, 2020, direct emergency calls to the Hopkins registration desk, +1 (410) 955-3673. Messages will be posted for participants.

### **AMERICANS WITH DISABILITIES ACT**

The Johns Hopkins School of Medicine and the Institute for Johns Hopkins Nursing fully comply with the legal requirements of the ADA and the rules and regulations thereof. Please notify us if you have any special needs.

### **POLICY ON SPEAKER AND PROVIDER DISCLOSURE**

It is the policy of the Johns Hopkins School of Medicine that the speaker and provider globally disclose conflicts of interest. The Johns Hopkins School of Medicine OCME has established policies in place that will identify and resolve conflicts of interest prior to this educational activity. Detailed disclosure will be made prior to presentation of the education.

### **ACKNOWLEDGEMENT**

Applications for commercial support from health care related industries are pending. A complete list of contributors will be provided in the syllabus. Please note that commercial support received is solely for the educational component of the activity and will not be used to provide food and beverage.

Please note: The Physician Payments Sunshine Act was enacted by Congress to increase public awareness of financial relationships between drug and medical device manufacturers and physicians. In compliance with the requirements of this Act, the commercial supporter/s of this activity may require the Johns Hopkins School of Medicine to report certain professional information (such as name, address, National Provider Identifier (NPI), and State License number) of physician attendees who receive complimentary food and beverage in conjunction with a CME activity. The commercial supporter is required to submit the collected data to the Centers for Medicare and Medicaid Services which will then publish the data on its website.

**(Graphic artist note: keep on one panel) ADVANCED THERAPEUTIC NURSING  
TRACK WITH HANDS-ON TRAINING  
THURSDAY, APRIL 2, 2020**

Location: Tilghman Auditorium, Thomas B. Turner Building, Ground Floor

Due to the rise in innovative procedures, Endoscopy Units require regular introduction and practice to new therapeutic and diagnostic equipment and supplies. Maintaining competencies with new technologies can be challenging for the entire unit. The HITEC Nursing Track will enable registrants to develop and maintain competency in the ever-changing field of endoscopy and will illustrate an array of emerging therapeutic endoscopic procedures. Registration details and the full nursing track agenda are available online.

<https://www.hitec-course.com>

**Objectives:**

After attending this activity, the participant will demonstrate the ability to:

- Establish a comprehensive clinical education program for the integration of new products and procedures into your endoscopy practice.
- Develop a variety of resources and educational pathways to meet individualized learning needs for advanced therapeutic endoscopy staff.
- Give example of advanced endoscopic procedures and identify the equipment and accessories involved.
- Discuss methods to maintain clinical competencies while fostering a supportive learning environment that builds staff confidence and improves overall performances.
