

We can do everyday endoscopy better.

GIEQs. Edition II. Virtual.
30th September - 1st October 2021

Huge Discounts on GIEQs II Registration until 15th September

Act now to lock in a high-definition Endoscopy experience for a rock-bottom price

We are busy preparing a game-changing symposium on everyday endoscopy for 30th September and 1st October 2021.

Join us at **GIEQs II** for :

- **stellar international faculty** (Bourke, Bisschops, Anderson, Valori, Klein, Thomas-Gibson, Heitman, Sidhu, Bell, Mackintosh)
- therapeutic endoscopists demonstrating the application of complex techniques to everyday problems
- deconstructed approach to theory of everyday endoscopy
- technical tips for starting and established endoscopists on how to improve the quality of your everyday endoscopy
- built upon the success of our first symposium in Everyday Endoscopy and our online learning site - [GIEQs Online](#)
- dedicated top-tips sessions for trainees run by trainees and in collaboration with Belgium's greatest young talent

The Idea behind GIEQs

IN OCTOBER 2020 we welcomed > 500 virtual delegates from 23 countries to our first digital Symposium in **Everyday Endoscopy**. The feedback was overwhelmingly positive.

"I've worked for 27 years as a gastroenterologist. This was the congress I have waited 27 years for. Thank you and much success in the future!"

GIEQs I Participant

IN SEPTEMBER 2021 we want to go further for GIEQs II. **Remaining focussed on the everyday** we will weave curated, high definition endoscopy video, training theory and live endoscopy cases seamlessly together to create a **unique digital experience** giving a voice to the Everyday Endoscopist.

The focus will be on **Decision Making in Everyday Endoscopic Practice** which ties together imaging, technique and therapy to inform and execute the right treatment decision for your patient.

check out the GIEQs II Programme

Highlights

- **High profile** International and Local Faculty
- **Curated content with high production values**, full HD video
- **'Ideas in Endoscopy'** - structured curriculum linked to our online platform [GIEQs Online](#) through use of easy-to-understand tags
- **'Training focus'** - if you are a trainee invaluable tips, if you are a trainer focus on how to train (Train-the-Trainers concept)
- **'Technique focus'** - ok, you can perform this technique, but how can I learn / start doing this technique
- **Linked to Evidence** - all sessions present supporting published evidence
- More time for **in-depth exploration of decision-making and technique**
- **Breakout sessions on Zoom**, limited participants, meet the expert from the previous session! Extra time for questions / discussion.

Programme

Weighted towards the work of a standard endoscopy unit the programme of GIEQs II is designed to turbo-charge your everyday Endoscopic practice.

Don't just take our word for it, check out the emerging draft programme
