HEPATOLOGY/UNIVERSITY HOSPITAL CENTRE ZAGREB  
FACULTY OF VETERINARY MEDICINE ZAGREB, UNIVERSITY OF ZAGREB  
CROATIAN INSTITUTE OF EMERGENCY MEDICINE – TELEMEDICINE SECTION

Dear friends,

It is my great pleasure to invite you to our XVIII Workshop “Algorithms in gastrointestinal endoscopy and endoscopic ultrasound”, which will be held at the University Hospital Centre Zagreb on the 12th November 2021, despite the challenging, COVID-19 – related, epidemiological situation in the World.

The workshop is tailored according to the epidemiological doctrine.

The first part of the Workshop will be organized online and will include both lectures and work in the operating rooms.

The second part will include hands-on training (intestinal ultrasound, “ex vivo” animal and mechanical, and live porcine models).

The hands-on training will be performed in small groups of maximum of 5 people.

Since we have to comply with the epidemiological measures regarding indoor interactions, we kindly ask you to indicate in your application whether you wish to participate in the hands-on training, and if so, in which group (A, B or C).

Looking forward to seeing you again in our Zagreb!

Sincerely,

Nadan Rustemović
