

ESGE news and upcoming events

March 2021

ESGE Days 2021 Going virtual. Staying real.

When: 25-27 March 2021
Where: 100% Online

Last chance to register!

Do not miss your chance to be at the forefront of endoscopy by joining us at ESGE Days 2021. It is a unique opportunity for the entire endoscopy team to refresh and update their knowledge and skills.

The full programme spans 3 days and is also available on demand, after the event. Featuring the most exciting science in the world of endoscopy, presented by international experts, we hope all our members will join us there.

Explore the online programme and start preparing your customised itinerary!

Research Champions Den

ESGE was thrilled to receive a record number of research grant applications this year – 3 times more than last year. At ESGE Days 2021, the top selected applicants will present their projects in the Research Champions Den to the ‘Dragons’, who will decide how the grants will be awarded.

Professor Pradeep Bhandari, the ESGE Research Committee Chair, will be leading the team deciding which researchers make it through; “It’s wonderful that, despite Covid19 and associated economic uncertainties, people are still planning exciting endoscopic research and are keen to get it recognised at ESGE Days via the Champions Den. Endoscopic research is still alive and kicking! ESGE & the Dragons are looking forward to meeting the researchers in the Den to take their research to the next level and provide all the constructive and financial support that we can!”

Professor Pradeep Bhandari, ESGE Research Committee Chair

ESGE Quality Check APP

- Would you like to assess the quality of your endoscopy unit?
- Do you know where you can still improve?

With the help of the ESGE Quality Check (QIC) APP you can measure quality in your endoscopy unit according to the ESGE Quality Improvement Committee’s recommendation.

The QIC APP gives you access to an ESGE QIC tailored questionnaire with data capturing and immediate feedback, regarding your own, or your department’s, performance measures.

Professor Raf Bisschops, ESGE’s QIC Committee Chair, is enthusiastic about the potential of the APP to improve endoscopy standards; “The quality of our daily endoscopy defines important clinical outcomes for our patients, however measuring quality can be difficult. ESGE’s QIC APP

helps you to overcome these barriers. Start measuring quality in your own unit today!”

Request access for 4 months (free for ESGE members):

New ESGE Guideline

ESGE Guideline

Endoscopic diagnosis and management of nonvariceal upper gastrointestinal hemorrhage (NVUGIH): European Society of Gastrointestinal Endoscopy (ESGE) Guideline – Update 2021.

I. M. Gralnek, A. J. Stanley, A. J. Morris, et al.

Please read page 300–332 in this issue of *Endoscopy*.

This Guideline from ESGE provides comprehensive guidance on the endoscopic diagnosis and management of acute non-variceal upper gastrointestinal hemorrhage (NVUGIH) and is an update to the 2015 ESGE guideline. Updated, evidence-based guidance on pre-endoscopy, endoscopy and post endoscopy management is provided. In addition, there are management algorithms on endoscopic therapy stratified by endoscopic stigmata of hemorrhage, as well as on managing anti-platelet agents and anti-coagulants during acute NVUGIH. Lastly, there is a

Professor Ian Gralnek

“toolbox” review of what endoscopic hemostasis modalities are available in 2021.

Apply for a 2021 ESGE Endoscopy fellowship grant

Application deadline June 1, 2021.

Fellowship grants are offered to fully trained endoscopists wishing to undertake further training in highly specialised endoscopic techniques at officially recognised ESGE training centres.

Applicants must be ESGE individual or dual members and below the age of 40 as of January 1, 2021 in order to apply.

Visit www.esge.com and apply now!

When will we see you again?

Attend the following ESGE endorsed events and take advantage of the registration fee reduction as an ESGE individual member.

ESD Clinical Tutoring Course and Endo Skill Update

June 9–12, 2021
Nizhiny Novgorod, Russia
