July 2021

ESGE Days 2022

Advancing endoscopy
Forging connections

ESGE Days 2022 will take place April 28–30 next year in the beautiful city of Prague and we extend this warm invitation to endoscopists all over the world.

We've been listening to feedback from ESGE Days 2021 which confirms that, if possible, our members and partners would like to be able to meet and interact face-to-face as soon as possible.

Therefore, we look forward to hosting one of the first in-person endoscopy meetings since the start of the COVID pandemic at the Prague Congress Centre (PCC). We understand, however, that not all societies and groups will be able to emerge from the pandemic at the same time, so we are committed to make the core content of ESGE Days 2022 available again online.

Visit esgedays.org to keep up to date on the details.

Not yet a member of ESGE?

Mid-year membership commences in July and costs only € 120.

In the 'members only' section of the ESGE website, members can access all of the content from ESGE Days 2021, along with many other benefits including:

- Substantial price reduction for ESGE Days Congresses
- 20% price reduction on ESGE endorsed events
- Free subscription to the journal *Endoscopy*
- Fellowship and Research grants
- Active participation in ESGE guidelines
- Access to the ESGE eLearning portal
- Access to the myESGEtutor portal
- Free access to the ESGE Quality check APP for 4 months

New ESGE Guideline

ESGE Guideline

Esophageal stenting for benign and malignant disease: European Society of Gastrointestinal Endoscopy (ESGE) Guideline – Update 2021
Manon C. W. Spaander, Ruben D. van der Bogt, Todd H. Baron et al.
Please read page 751–762 in this issue of *Endoscopy*.

Free access at www.esge.com

Professor
Manon Spaander

This ESGE guideline provides guidance on the uses and outcomes of esophageal stent placement for both malignant and benign conditions.

New modules available on the QIC APP

With the help of the ESGE Quality Check (QIC) APP you can measure quality in your endoscopy unit according to the ESGE Quality Improvement Committee's recommendations. Two new modules have recently been added: Endoscopy Services and Small Bowel.

When will we see you again?

Attend the following ESGE endorsed events and take advantage of the registration fee reduction as an ESGE individual member.

5th Athens International Symposium

July 9–10, 2021

Athens, Greece
