

Preliminary Program

Titel: Advanced Endoscopic Resection Workshop

Faculty

Course directors :

- Prof. dr. Raf Bisschops
University Hospitals Leuven
- Prof. dr. Ingrid Demedts
University Hospitals Leuven

National and International experts :

- Dr. Lobke Desomer
AZ Delta Roeselare
Belgium
- Prof. Dr. Monika Ferlitsch
Medical University of Vienna
Evangelischen Krankenhaus Wien
Austria
- Prof. Dr. Evelien Dekker
UMC Amsterdam
The Netherlands
- Prof. dr. Helmut Neumann
GastroZentrum Lippe – Bad Salzuflen
Germany
- Prof. Dr. Helmut Messmann
Universitätsklinikum Augsburg
Germany
- Dr Dominiek De Wulf
AZ Delta Roeselare
Belgium
- Philippe Leclercq
CHC Montlégia Liège
Belgium

Workshop 1 advanced colonic EMR

Date : 23/8 – 24/8/2022

23/8/2022

8:30 arrival and coffee

8:45 welcome and outline of the program Prof. Dr. Raf Bisschops

9:00 state of the art p-EMR technique and results Prof. dr. Monika Ferlitsch

9:45 principles of electro-surgery in the colon Dr. Lobke Desomer

10:00 coffee break

10:30 patient selection for endoscopic therapy: lesion assessment Prof. dr. Evelien Dekker

11:15 hands-on training on animal model: p-EMR

13:15 Lunch

13:45 prevention and management of complications Prof. Dr. Monika Ferlitsch

14:15 hands-on training in the animal lab (with coffee break)

17:45 adjourn

19:30 diner

24/08/2022

8:15 arrival and welcome

8:45 EMR versus ESD for colonic lesions Prof. dr. Evelien Dekker

9:15 hands-on training in the animal lab (with coffee break)

13:15 lunch

14:15 live endoscopy Prof. Dr. Ingrid Demedts

14:45 Treatment of residual and recurrent disease. dr. Lobke Desomer

15:30 coffee break (ev. 2 de live cases Prof. Dr. Ingrid Demedts)

16:00 Morbidity round : bleeding, perforation, difficult EMR Prof. dr. Monika Ferlitsch – Prof Dr. Evelien Dekker – dr Lobke Desomer – Prof. dr. Ingrid Demedts - Prof. Dr. Raf Bisschops

17:00 Q&A and summary of take-home messages for patient management Prof. Dr. Raf Bisschops

17:30 adjourn

Workshop 2 : ESD and advanced resection techniques in the gastrointestinal tract
Date 25/8 – 26/8/2022

Date 25/8/2022

8:30 arrival and coffee

8:45 welcome and outline of the program Prof. Dr. Raf Bisschops

9:00 state of the art ESD technique : lifting solutions and treatment plan for lesions Prof. Dr. Helmut Messmann

10:00 principles of electro-surgery for ESD Prof. dr. Helmut Neumann

10:30 coffee break

11:00 hands-on training in the animal lab

13:00 Lunch

13:30 prevention and management of complications : bleeding, perforations Dr. Philippe Leclercq

14:15 hands-on training in the animal lab (with coffee break)

17:45 adjourn

19:30 diner

26/08/2022

8:30 arrival and welcome

8:45 Prevention of strictures for large esophageal ESDs. Dr. Dominiek De Wulf

9:30 hands-on training in the animal lab (with coffee break)

13:00 lunch

13:30 hands-on training in the animal lab

15:30 coffee break

16:00 Interactive case discussions : Prof. dr. Helmut Messman - Prof.dr. Helmut Neumann - Dr. Dominiek De Wulf – Dr. Philippe Leclercq - Prof. Dr. Ingrid Demedts – Prof. Dr. Raf Bisschops

Tips and tricks to facilitate ESD

Morbidity round : bleeding, perforation

17.00 Q&A and summary of take-home messages Prof. Dr. Raf Bisschops

17:30 adjourn
